

Quality Policy: Statement of Intent

Quality can be defined within Lionheart Safety Systems Limited as the provision of services and training products that satisfy and exceed the expectations of our customers.

This philosophy is acknowledged by all members of the team throughout the business and every effort is made to adhere to this clearly recognised standard.

Lionheart Safety Systems Limited will ensure that the products, suppliers and services provided by them and associated companies that are commissioned by them, meet all relevant regulations or statutory instruments made and will update policies and procedures in line with new legislation as necessary.

All employees will adhere to procedures and systems laid down by the Operations manager. In this way we will supply our customers with safe legal food of the quality they desire

Lionheart Safety Systems Limited.

A handwritten signature in black ink, appearing to read 'Stuart K. Matthews', with a large, stylized flourish at the end.
